## CAPE TOWN BRANCH

---

We opened our Cape Town offices in September to great fanfare.

A big thank you to Nikki for taking the reins, and running with it.

October saw the first of many training programs we will be running in the regions.

Thank you to all of you for making the first one such a success

Here's looking forward to the next one.....

---

## BITWISE CONTROLS

---

Ivan has been putting together a complete range of control solutions—We have now added Bitwise controls to our iControl offering allowing us to provide an end to end control system solution. Bitwise controllers are IP based and provide the ability to include real time clock functions and complex logic sequences. The programming is drag and drop to simplify your engineering.

Look out for our training course in Feb 2012
